

# Effects of the 2007 Financial Crisis on the Irish Industry

Data Source: Table "AIA24"  
Central Statistics Office Ireland

## Persons Engaged vs. Net Output change from 2008 to 2009

- no crisis effect (new jobs and output growth)
- little crisis effect (few jobs lost, output growth)
- some jobs lost, but increased efficiency
- some jobs lost, output decline (nat. average)
- industry in trouble, so far little effect on jobs
- significant job loss / severe output decline

### Cities

Values for the cities of Cork, Galway, Limerick and Waterford have been aggregated into their respective counties due to insufficient data.
